- Practices or programs that have evidence to show that they are effective at producing results and improving outcomes when implemented. This kind of evidence has generally been produced through formal studies and research. There are four tiers, or levels, of evidence:

Tier 1 – Strong Evidence: the effectiveness of the practices or programs is supported by one or more well-designed and well-implemented randomized control experimental studies.

Tier 2 – Moderate Evidence: the effectiveness of the practices or programs is supported by one or more well-designed and well-implemented quasi-experimental studies.

Tier 3 – Promising Evidence: the effectiveness of the practices or programs is supported by one or more well-designed and well-implemented correlational studies (with statistical controls for selection bias).

Tier 4 – Demonstrates a Rationale: practices that have a well-defined logic model or theory of action, are supported by research, and have some effort underway by a State Educational Agency, LEA, or outside research organization to determine their effectiveness.

- For additional information please see the Evidence-Based Interventions Under the ESSA web page at <https://www.cde.ca.gov/re/es/evidence.asp>.

The LEA must use the remaining ESSER III funds consistent with section 2001(e)(2) of the ARP Act, including for:

- Any activity authorized by the Elementary and Secondary Education Act (ESEA) of 1965;
- Any activity authorized by the Individuals with Disabilities Education Act (IDEA);
- Any activity authorized by the Adult Education and Family Literacy Act;
- Any activity authorized by the Carl D. Perkins Career and Technical Education Act of 2006;
- Coordination of preparedness and response efforts of LEAs with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to COVID-19;
- Activities to address the unique needs of low-income students, students with disabilities, English learners, racial and ethnic minorities, homeless students, and foster youth, including how outreach and service delivery will meet the needs of each population;
- Developing and implementing procedures and systems to improve the preparedness and response efforts of LEAs;
- Training and professional development for staff of the LEA on sanitation and minimizing the spread of infectious diseases;
- Purchasing supplies to sanitize and clean the facilities of an LEA, including buildings operated by such agency;
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under

Instructions

In responding to the following prompts, the LEA may reference or include input provided by community members during the development of existing plans, including the LCAP and/or the ELO Grant Plan, to the extent that the input is applicable to the requirements of the ESSER III Expenditure Plan. Descriptions provided should include sufficient detail yet be sufficiently succinct to

]

A description of the efforts made by the LEA to meaningfully consult with its required community members and the opportunities provided by the LEA for public input in the development of the plan.

A sufficient response to this prompt will describe how the LEA sought to meaningfully consult with its required community members in the development of the plan, how the LEA promoted the opportunities for community engagement, and the opportunities that the LEA

Planned Actions and Expenditures

Purpose and Requirements

As noted in the Introduction, an LEA receiving ESSER III funds is required to develop a plan to use its ESSER III funds to, at a minimum, address the mental health needs, as well as the opportunity gaps that existed before, and were exacerbated by, the COVID-19 pandemic.

Instructions

An LEA has the flexibility to include actions described in existing plans, including the LCAP and/or ELO Grant Plan, to the extent that the action(s) address the requirements of the ESSER III Expenditure Plan. When including action(s) from other plans, the LEA must describe how the action(s) included in the ESSER III Expenditure Plan supplement the work described in the plan being referenced. The LEA must specify the amount of ESSER III funds that it intends to use to implement the action(s); these ESSER III funds must be in addition to any funding for those action(s) already included in the plan(s) referenced by the LEA. Descriptions of actions provided

Strategies for Continuous and Safe In-Person Learning

Provide a description of the action(s) the LEA will implement using ESSER III funds to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs.

Specify the amount of ESSER III funds the LEA plans to expend to implement the action(s); these ESSER III funds must be in addition to any funding for those action(s) already included in the plan(s) referenced by the LEA.

Use of Any Remaining Funds

Provide the action title(s) of the actions being measured.

Provide a description of how the LEA will monitor progress of the action(s) to ensure that they are addressing the needs of students.

Specify how frequently progress will be monitored (e.g. daily, weekly, monthly, every 6 weeks, etc.).
